

Project 4 – Science

This week's research project is a little different. I would like you to create a poster for this one full of information that you have collected. I would like you to research either:

1. A famous scientist

Or

2. A new discovery or invention.

From this, I would like lots of detailed writing on your poster about how they or it became famous or how has it helped people today?

It can be anything from the invention of the toilet to the infamous Charles Darwin. Here are some websites to help you choose what you'd like to find out:
